## Software Developer | Web & Mobile Applications

Phone: +255 699 092 941

Email: makis0189@gmail.com

Location: Tanzania

### Professional Summary

Motivated and self-driven software developer with a strong foundation in science and a passion for building impactful digital solutions. Experienced in developing web and mobile applications including healthcare systems, business tools, and responsive websites. Skilled in problem solving, database design, UI/UX, and continuous learning in modern technologies such as IoT, AI, and blockchain.

### Education

Advanced Certificate of Secondary Education (ACSEE)

Physics, Chemistry, Mathematics (PCM) | Division I

Certificate of Secondary Education (CSEE)

Biology | Grade B

### Technical Skills

Programming: HTML, CSS, JavaScript, PHP, C++ (basic)

Tools: MySQL, phpMyAdmin, XAMPP, Laragon, VS Code, Git, GitHub, Android Studio

Design: Canva, Photoshop, Responsive Web Design, UI/UX design

Other: Database Design, API Integration (SMS APIs)

### Projects

#### Maternal Health Monitoring System

- Built a web-based system for managing maternal health records and services.
- Included patient registration, antenatal and postnatal care modules.
- Developed using PHP and MySQL.

#### SmartShop Inventory System

- Designed a stock and sales management system for business operations.
- Included stock alerts and reporting features.

#### Campus Food Delivery App (Android)

- Developing a mobile app with user, vendor, and admin roles.
- Features include login, menu management, and order tracking.

### Experience

Developed real-world projects independently in healthcare, commerce, and mobile applications.

Practiced system design, database management, UI/UX improvements, and backend logic.

### Career Objectives

To become a professional full-stack developer and build innovative digital solutions for healthcare and business.

To keep growing in IoT, blockchain, and modern software engineering.

### Additional Skills

Strong problem-solving ability, fast learner, self-motivated, and effective collaborator.
